**Publication of a Holder Countermotion (*Gegenantrag eines Gläubigers*)
supported by the Issuer**

in relation to the

Vote without Meeting
(*Abstimmung ohne Versammlung*)

concerning the

EUR 760 million Convertible Bonds due in 2027

(ISIN DE000A283WZ3 and Common Code 225175292)
(the "**Bonds**")

Premstätten, 20 May 2025

This announcement highlights important information and will also be published in the Federal Gazette (*Bundesanzeiger*). Holders of the Bonds (each a "**Holder**") are advised to carefully read this announcement in its entirety.

On 9 May 2025, the Issuer invited the Holders of the Bonds to vote without meeting (*Abstimmung ohne Versammlung*) to adopt certain amendments of the terms and conditions of the Bonds (the "**Terms and Conditions**") (the "**Voting**").

Reference is made to the Invitation to Vote without Meeting (Consent Solicitation Memorandum), dated 9 May 2025 (the "**Invitation to Vote**") in relation to the Voting which was published in the Federal Gazette (*Bundesanzeiger*) and is also available on the Issuer's website at <https://ams-osram.com/about-us/investor-relations/fixed-income>. Terms used and not otherwise defined in this announcement shall have the same meaning as in the Invitation to Vote.

Countermotion

On 16 May 2025, the Issuer received a countermotion (*Gegenantrag*) from one of the holders of the Bonds in relation to the Voting which was subsequently amended by such holder on 20 May 2025 (such countermotion as amended, the "**Countermotion**").

Instead of the amendments to the Terms and Conditions proposed by the Issuer and presented and described in detail in the Invitation to Vote (the "**Original Proposal**"), the holder proposes that Holders agree to the alternative amendment proposal to the Terms and Conditions provided by the Countermotion (the "**Holder Proposal**").

In accordance with the German Act on Debt Securities of 2009 (*Schuldverschreibungsgesetz* – "**SchVG**") which is governing the Voting, the Issuer is required to publish the Countermotion.

The Countermotion is set out in the **Annex** to this announcement.

Issuer supports the Countermotion

The Issuer has reviewed the Countermotion in detail and supports the Holder Proposal.

The Issuer hereby declares that it has the firm intention to agree to the Holder Proposal if all Conditions for Implementation are otherwise satisfied.

In the event that the Conditions for Implementation are fulfilled, and the Holder Proposal is effective, the Issuer will also make the one-time cash payment equal to EUR 250.00 per EUR 100,000 in principal amount on the Resolution Fee Payment Date to all Participating Holders who have validly delivered a vote during the Voting Period.

Voting Procedures following the Countermotion

Holders will now have the option to (i) vote in favour of the Original Proposal, (ii) vote in favour of the Holder Proposal, (iii) reject both proposals or (iv) abstain.

For legal reasons the Original Proposal (option (i)) cannot be removed from the Voting notwithstanding that the Issuer now supports the Holder Proposal. The Issuer is now soliciting the holders' consent of the Holders' Proposal. (option (ii)).

The Issuer will publish on its website (<https://ams-osram.com/about-us/investor-relations/fixed-income>) a new Standard Voting Form taking into account the Holder Proposal. Voting Forms must be submitted to the Scrutineer within the Voting Period. Submission of a Voting Form to the Scrutineer is only required if a Holder does not wish to vote through the Tabulation Agent as proxy.

Holders voting through the Tabulation Agent should submit a Voting Instruction to the Tabulation Agent. Unless a Holder specifically amends it, any Voting Instructions submitted with a "yes" instruction prior to the publication of the Countermotion shall be cast by the Tabulation Agent in favour of the Holder Proposal.

Please refer to the Invitation to Vote for further details.

Dear Sir or Madam,

Reference is made to (i) the invitation to vote without meeting dated 9 May 2025 by ams-OSRAM AG (the "**Issuer**") in respect of the EUR 760 million Convertible Bonds due in 2027 (ISIN DE000A283WZ3 and Common Code 225175292) (the "**Bonds**") (the "**Consent Solicitation Memorandum**", and the voting thereunder, the "**Consent Solicitation**"), and (ii) the counter-motion submitted by the Applicant (as defined below) on 16 May 2025 (the "**Original Counter-motion**"). Capitalised terms used in this letter and not otherwise defined herein shall have the meanings given to them in the Consent Solicitation Memorandum.

We, Willkie Farr & Gallagher LLP, represent a holder of the Bonds with holdings in excess of 5% of the principal amount outstanding of the Bonds (the "**Applicant**").

In respect of the proof of the Applicant's holdings of the Bonds and of our power to represent the Applicant, we refer to Annex 1 (*Proof of Holdings*) and Annex 2 (*Proof of Representation*) of the Original Countermotion.

A. Amendment of the Original Countermotion

In section A of the Original Countermotion we requested that the Issuer treat the Applicant's countermotion, to the extent considered outside the scope of a countermotion, as a request for additional resolution items pursuant to Section 18 para. 1, Section 13 para. 3 of the German Bond Act (*Schuldverschreibungsgesetz, SchVG*) (*Ergänzungsverlangen*). We revise that request in Section B of this letter.

B. Request to Publish this Letter

On behalf of the Applicant, we hereby request that the Issuer promptly publishes this letter as a countermotion in relation to the Consent Solicitation in its entirety pursuant to Section 18 para. 1, Section 13 para. 4 of the German Bond Act (*Gegenantrag*). Should the Issuer consider certain matters of the resolution set out under section C below to be outside the scope of a countermotion pursuant to Section 18 para. 1, Section 13 para. 4 of the German Bond Act, this motion shall, with reference to the Original Countermotion, be treated as a request for additional resolution items pursuant to Section 18 para. 1, Section 13 para. 3 of the German Bond Act.

For the avoidance of doubt, our original request to the Issuer to publish the Original Countermotion has been superseded by this letter as specified herein and is no longer upheld. Annex 1 (*Proof of Holdings*) and Annex 2 (*Proof of Representation*) of the Original Countermotion must not be published and are to be treated as confidential.

The definitions of "Guarantor Disposal Offer Price", "Benchmark Yield", "Screen Page", "Benchmark Security" and "Discount Rate Calculation Date" under § 3(c)(v)(B) of the proposed amendment to the Terms and Conditions shall be deleted.

The other proposed terms of § 3(c) of the Terms and Conditions of the Bonds are otherwise amended as proposed in the Consent Solicitation Memorandum.

D. Reasons for the Countermotion

The Applicant requests that the agenda of the Consent Solicitation is supplemented by this countermotion to be considered and voted upon as an alternative proposal to the Issuer's proposal to amend the terms and conditions of the Bonds (the "**Amendment**").

The Applicant is of the opinion that by supporting the Consent Solicitation, the Holders are allowing the Issuer to pursue de-levering transactions that are beneficial to all stakeholders, including the Senior Notes, the RCF lenders and the shareholders. However, under the proposed Amendment, the Applicant believes that the Issuer does not compensate the Holders in line with market conventions nor does it offer to repay the Holders in full from the proceeds made available only as a result of the Holders' consent. The Issuer sought to impose a regime to facilitate redemptions of the Bonds and Senior Notes at potentially differing prices, referable to par.

In the Applicant's view, the modifications to the proposed Amendment set out in this countermotion are required to adequately recognise the contribution of the Holders to the Issuer's deleveraging objectives and to achieve a better alignment between the Senior Notes and Bonds. The Applicant considers that the implementation of this countermotion by the Issuer is consistent with its corporate strategy and is perfectly feasible within the covenant constraints of the Senior Notes and its governing documents. In particular:

- The proposed amendment to § 3(b) of the Terms and Conditions of the Bonds provides proportionate protection to Holders in the context of the Issuer's corporate strategy.
- The proposed amendment to the Issuer's new proposed § 3(c) of the Terms and Conditions of the Bonds is amended from that as proposed in the Consent Solicitation Memorandum to provide for a redemption of the Bonds at par only. Removing the "Guarantor Disposal Offer Price" avoids a situation where the Bonds may have been redeemed below par, while the Senior Notes may have been redeemed at par. Ensuring the repayment in full of its financial indebtedness is an obligation already borne by the Issuer and therefore poses no incremental cost.
